# Budescu Dumitru

**Full Stack Developer · WordPress & E-commerce**

Livorno, Italy · dimabudescu@gmail.com · dbstudio.app

## Profile

Full stack developer with 10 years of experience and 50+ projects shipped, specialised in WordPress and e-commerce. I build custom themes, plugins and online stores on WooCommerce, PrestaShop, Magento and OpenCart, and use React, Next.js, Laravel and Flutter when a project needs more than a CMS.

Clients range from hospitality brands and event venues to a public theatre, a German security company and a SaaS data platform, in Romania and abroad. Based in Livorno, Italy, and available for agency collaborations and freelance projects.

## Skills

- **CMS & e-commerce:** WordPress (custom themes, plugins, custom blocks, headless), WooCommerce, PrestaShop, Magento, OpenCart
- **Front-end:** HTML5, CSS3, JavaScript, React, Next.js, Redux, responsive UI and animations
- **Back-end:** PHP, Laravel, MySQL, MongoDB, REST and GraphQL APIs, Stripe payments
- **Mobile:** Flutter, Firebase
- **Other:** Git, performance and SEO optimisation, Adobe XD

## Experience

**Freelance Full Stack Developer — DB Studio** · Remote · 2024 – Present

- Deliver WordPress, e-commerce and full stack projects for clients in Romania and abroad.
- Built platforms beyond CMS work: a multi-tenant restaurant ordering system (Laravel, Next.js, Stripe) and a recruitment platform used by 10k+ users (Next.js, MongoDB).

**Web Developer — Draw SRL** · Romania (remote) · Sep 2020 – Present

- Developed and maintained websites and web applications for the company's clients, from first build to ongoing updates and support.
- Built custom WordPress themes and plugins, turning designs into responsive, pixel-accurate front-ends.
- Developed and maintained online stores on WooCommerce, PrestaShop, Magento and OpenCart, including checkout flows, payment and shipping integrations.
- Handled ongoing maintenance: CMS, plugin and security updates, backups, bug fixes and hosting migrations.
- Improved page speed and technical SEO through clean markup, image optimisation and caching.
- Worked directly with clients and designers to scope requirements, estimate tasks and deliver on deadline.

**Web Developer — Purple Media** · Chișinău · Jun 2017 – Aug 2020

- Built and maintained WordPress and WooCommerce websites for agency clients, front-end and back-end.
- Developed online stores on PrestaShop.
- Managed several client projects in parallel, working independently and within the team.

**Web Developer — VAMSERVINFORM S.E.** · Chișinău · Oct 2016 – May 2017

- Maintained the website of the Customs Service of the Republic of Moldova.
- Designed and built the company website.
- Developed web applications in HTML, CSS and JavaScript.

## Selected projects

- **Predactiv** — corporate site for an AI data-intelligence SaaS; custom WordPress front-end built for performance.
- **FACE Convention Center** — multi-venue corporate events site with venue showcases and a booking-oriented UX (WordPress).
- **FACE Club Bucharest** — nightlife brand site with VIP sections and bold visuals (WordPress).
- **Teatrul Ion Creangă** — public theatre site with event programming and accessible design (WordPress).

- VTS PRO — German security-tech company site with service pages and a multilingual-ready structure (WordPress).
- No Name Lounge — lounge brand site with reservations flow (WordPress).
- **Custom WordPress platform** — editorial CMS for a publisher with custom blocks, admin tooling and a headless GraphQL API (WordPress, React).
- **Wallet loyalty system** — Apple Wallet and Google Wallet integration, admin dashboard and analytics (Flutter, Laravel).
